

Eyelashes & Eyebrows

Eyelash Extensions (individual)	1hr	84
------------------------------------	-----	----

Eyelash extensions are used to enhance the length, fullness, and thickness of natural eyelashes

Eyelash Extensions (double/bunched)	1hr	60
--	-----	----

If you are looking to have fuller and more volume lashes, this is the ONE!

Eyelash fill in (Individual lashes)	45mins	36
--	--------	----

Eyelash fills should be done every 3-4 weeks. We remove grown out lashes and add new eyelash extensions to all of your regrowth. Our lash clients walk out with a completely new set of eyelashes every time.

Eyelash Removal	30mins	18
-----------------	--------	----

When you feel the need for a different look or style, have the extensions removed and try one of our other eyelash treatments

Eyelash Tint	20mins	12
--------------	--------	----

Tinting gives the eyes definition and lets you go without mascara, at least for a few weeks until eyelashes fall out and are replaced by new ones (this happens naturally whether they're tinted or not)

Eyelashes

Eyebrow Tint

20mins

12

Unlike shaping waxing, threading, or tweezing, brow-tinting is a color service that doesn't take away any hair but uses semi-permanent vegetable dye to enhance color, shape, and thickness — or all of the above.

Eyebrows
